State Project 0219-A-002
 Roadways adjacent to the
 Central Intelligence Agency's
 Headquarters at Langley
 Fairfax County

Memo
 to

Mr. John Beall, Jr.
 Mr. T. B. Omohundro, Jr.

The Department has entered into an agreement with the Central Intelligence Agency whereby the Department will employ a consultant engineer to study the roadways adjacent to the CIA's headquarters to see what improvements are required to handle the additional traffic being generated by the CIA's expansion. All costs associated with this project are being borne by the CIA.

The firm of Dewberry and Davis has been selected to do the engineering work. I am attaching a copy of the Memorandum of Agreement and Dewberry and Davis' proposal for your review and comment. Once we have received your comments, the agreement signature sheet will be brought to you for final sign off.

The \$85,000 engineering fee is just compensation for the amount of work to be accomplished. We will recommend to management that the fee be accepted.

By copy of this memorandum to Mr. M. J. Walker, Jr. we are sending him a copy of the Memorandum of Agreement and Title VI Evaluation Report for his review and approval.

The CIA is anxious to get this contract underway. It would be appreciated if we could receive your comments by October 11, so the agreement can be executed by October 14.

H. M. Shaver, Jr.
